PHILOSOPHY FROM FLO
Florence Stillman, R.N., MSN
Executive Director

I recently attended National Council of State Boards of Nursing's Annual Delegate Assembly Convention which was held August 18-22, 1992 in Colorado Springs, Colorado. I thought I would share with you some of the items that were discussed and decisions that were made during the convention.

C.A.T. (Computerized Adaptive Testing): A vendor was chosen to administer the C.A.T. exams. After much discussion, ETS/Sylvan-Kee was granted the contract.

It is anticipated that C.A.T. will commence in the spring of 1994.

Advanced Practice Position Statement
This item was tabled for further perfection and will be brought back at next year's Delegate Assembly. The sub-committee will also write Model Rules and any necessary changes to the Model Practice Act.

Resolutions

The following is a list of resolutions that were made:

1. Because of security reasons, Manitoba and similarly situated provinces/countries will not be allowed to give NCLEX.
2. A decision was made to not continue to perform the limited scope job analysis. This was to be done in practice sites that recognize and differentiate practice. Enough practice sites could not be identified in order to perform a worthwhile analysis.
3. A resolution was adopted that National Council would support philosophically the basic concepts inherent within the Nursing's Agenda for Health Care Reform.
4. A resolution that the Board of Directors of National Council assure representation by developing a means to finance annual participation of a

representative of each jurisdiction in the Delegate Assembly beginning in 1993 was not adopted.

5. A resolution was adopted that allows Maine and Alaska to contract with National Council for consultative services in conducting logical job analysis.
6. A resolution was adopted that the Board of Directors explore feasibility and desirability of establishing certification programs for member Boards in areas of nursing education program surveys and nursing disciplinary investigations. It was further directed that a report of the findings and recommendations for action be presented for consideration by the 1993 Delegate Assembly.
7. A resolution was adopted for a feasibility study to be conducted by National Council staff regarding inclusion of Nurse Aides disciplinary information in a disciplinary data bank such as National Council Disciplinary Data Bank and present findings and recommendations to the 1993 Delegate Assembly.
8. A resolution was adopted to do overall by-law revisions this year and bring back to the Delegate Assembly in 1993.

Some of the other areas of interest that were discussed were unlicensed practice of nursing, automatic revocation of licenses if lapsed, limited licensure, and HIV testing.

The 1993 Delegate Assembly is scheduled to be held in Orlando, Florida.

REMINDERS**

Vada Arrowood, R.N., M.S. Ed
Assistant Director for
Education and Licensure

The newly revised Minimum Standards for Accredited Programs of Professional Nursing contain changes that are relative to schools

intending to appoint new faculty. Most schools are careful to review applications with regards to the revised criteria for clinical experience which is "two years within the last five years". There is however, another inclusion that could be overlooked. Under the section speaking to qualifications of faculty, there is a criterion which mandates that any applicant for a faculty position whose nursing license is currently or has been disciplined by any state board of nursing must be approved by the State Board of Nursing prior to appointment. This requires schools to solicit this information prior to making an appointment. Even though schools of nursing are not clinical agencies, they are employers of nurses. It is strongly suggested that schools consider following the guidelines for employment utilized by clinical agencies. These guidelines include calling the Board office and verifying the currency and status of the applicant's license prior to offering a contract. By doing so, any problems with the license can be detected without being out of compliance with Minimum Standards and having to terminate a contract.

A second area of concern is related to approval of clinical agencies. There is some confusion regarding whether "Observational Clinical Agencies" require Board approval. The Minimum Standards indicates that "Clinical facilities shall be approved by the Board prior to utilization for student learning experiences. (and) Clinical facilities used for 'observation only' do not require Board approval prior to utilization." The emphasis of the latter statement is on "prior". The observational experiences continue to need Board approval. The revision is intended to recognize that opportunities may arise suddenly and convey to schools that Board approval is not required before utilization. Observational experiences will be listed separately on the annual reports in order to determine the percentage of utilization of these types of experiences in the curriculum.

A third item, not related to the revisions in Minimum Standards but rather is one of process. When

requests for clinical agencies are complete, clear and meet the established criteria described in Minimum Standards they will be processed in the Board office. If there is any question that requires Board consideration the requests will be placed on the meeting agenda for the Board's decision. This procedure should facilitate the process of gaining authorization to utilize clinical facilities as well as eliminate the need for schools to submit thirteen copies of each request. A copy of the signed contract and course objectives will need to accompany each request form as usual.

REFLECTIONS

Rita Tadych, PhD,
Assistant Director
for Discipline
and Practice

There has been ongoing legislative effort for at least two years to obtain passage of a bill that would allow the Board of Nursing to establish a nondisciplinary alternative for chemically impaired licensees. We are pleased to announce our having a staff person, Liz Cardwell, MEd, RN, LPC, who is in the position of Recovering Nurse Program Coordinator. We need your active support of legislation this upcoming year that would allow Liz to activate the nondisciplinary alternative. Program ideas are welcomed.

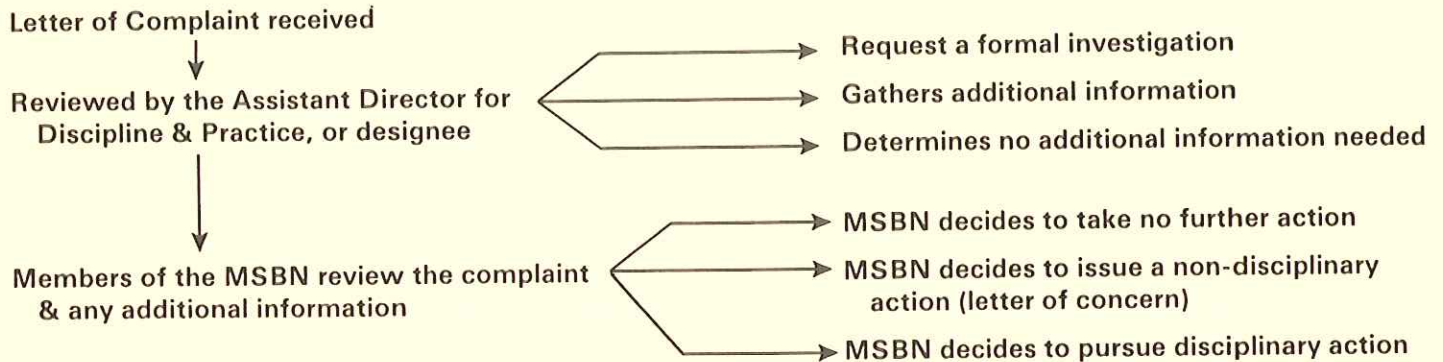

In closing, I have enclosed for your perusal, three documents we often send out from the Board office. One document is a Disciplinary Flow Chart, the second document is a Practice Flow Chart, and the third document is the "Nurse Specialty Titles" rule. I remain appreciative in hearing your discipline and practice inquiries at (314) 751-0073.

(Charts and document are depicted on the following pages)

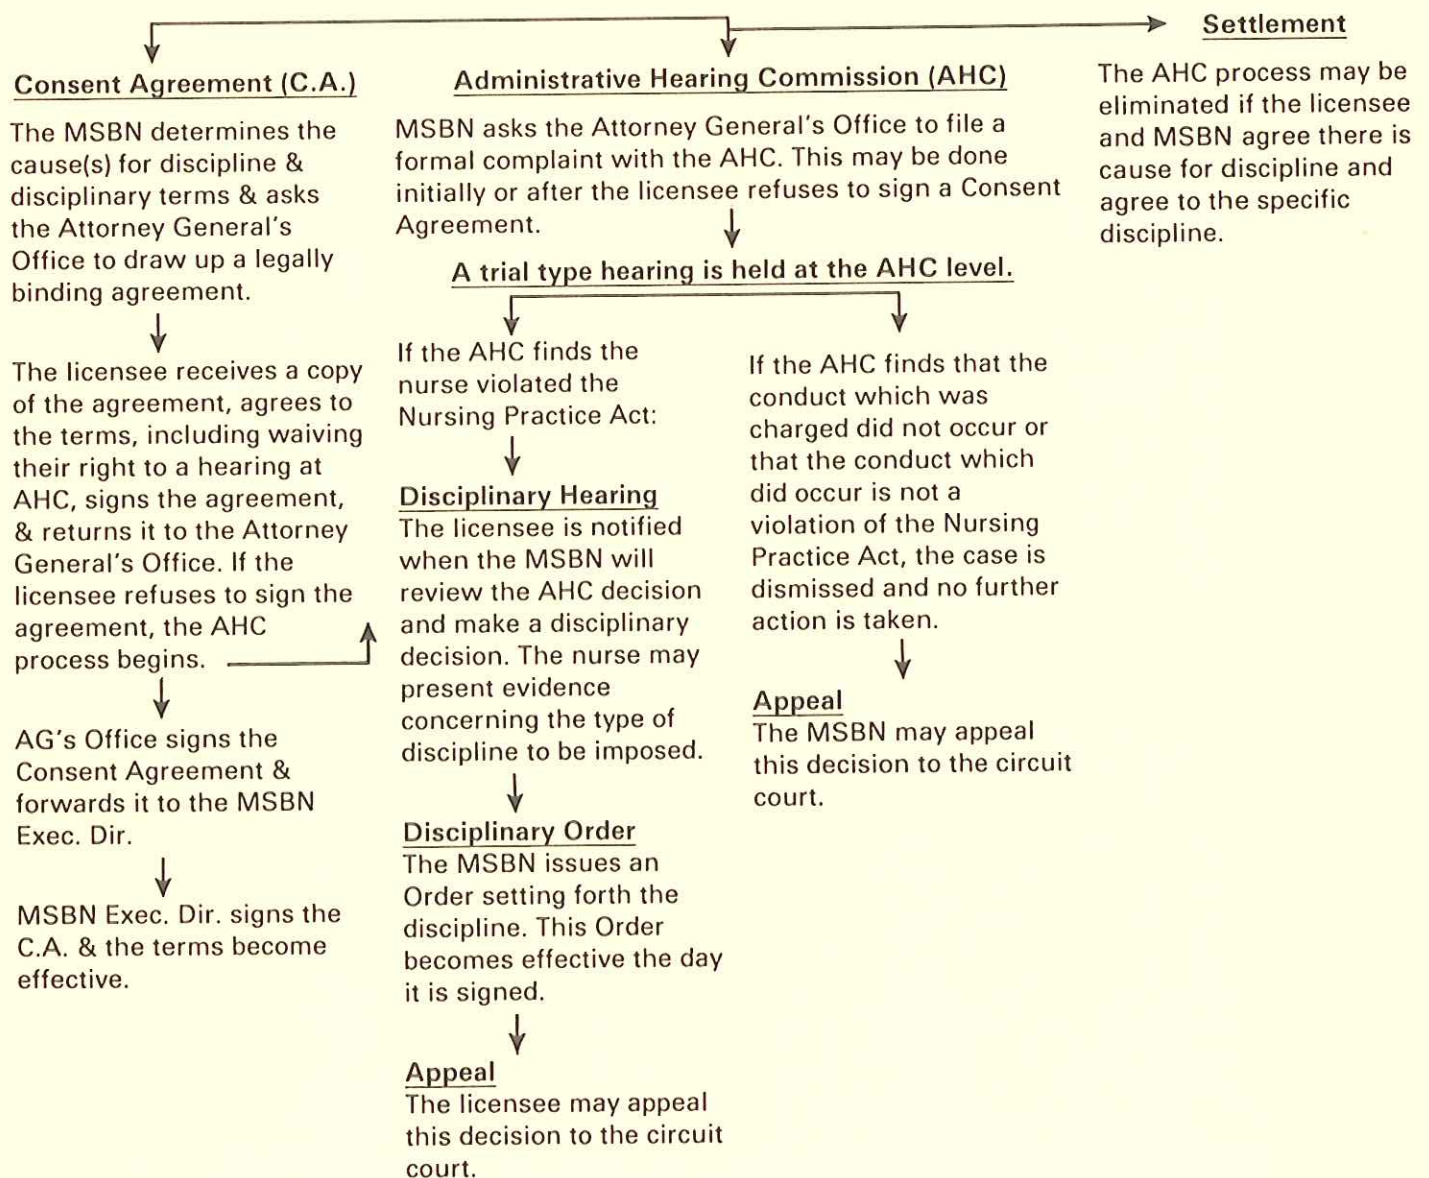

Disciplinary Action by the Board of Nursing

One of the Methods used by the MSBN to insure protection of the public is to cause the prosecution of all persons violating provisions of sections 335.011 to 335.096 of the MO Nursing Practice Act.

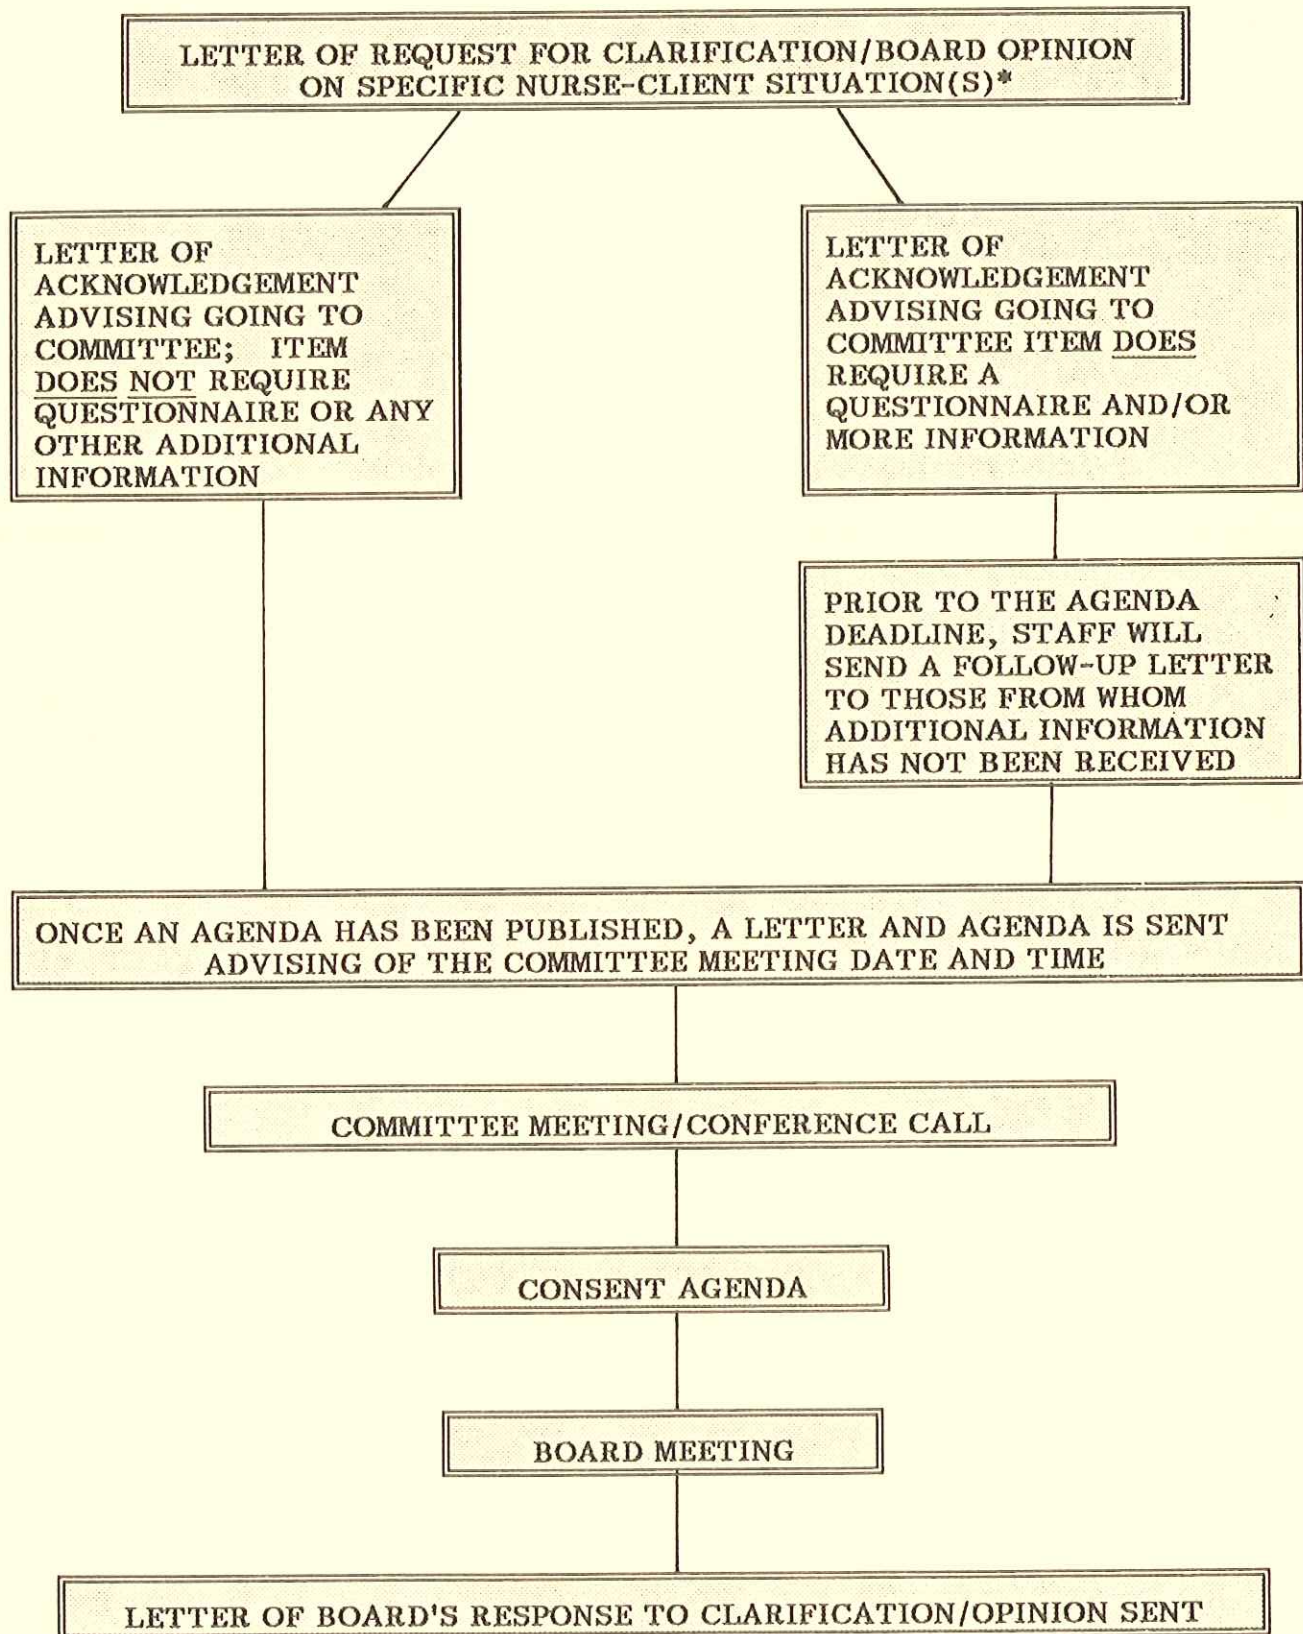

The following is the order of disciplinary proceedings against nurses in the state of MO:

If disciplinary action is pursued, this can be accomplished in one of three ways

TITLE 4 - DEPARTMENT OF ECONOMIC DEVELOPMENT
DIVISION 200 - STATE BOARD OF NURSING, CHAPTER 4 - GENERAL RULES

4 CSR 200-4.100 - NURSE SPECIALTY TITLES
--

PURPOSE: This rule specifies the qualifications necessary for a nurse to use certain specialty titles and protects the public from misrepresentation concerning the nursing profession.

- (1) No nurse shall use the following titles or abbreviations of those titles unless they meet the criteria stated:
 - (A) Certified registered nurse anesthetist - must be a registered nurse and hold current certification by the national certifying body of the American Association of Nurse Anesthetists;
 - (B) Certified nurse midwives - must be a registered nurse and hold current certification by the national certifying body of the American College of Nurse Midwives;
 - (C) Certified nurse practitioner - must be a registered nurse and hold current certification in the area of nursing specialty practice by the national certifying body of -
 1. The Organization for Obstetric, Gynecologic and Neonatal Nurse (NAACOG) Certification Corporation as an obstetrician/gynecologist (OB/GYN) nurse practitioner or neonatal nurse practitioner;
 2. The American Nurses Association as a family nurse practitioner, or adult nurse practitioner, or gerontological nurse practitioner; or
 3. The National Certification Board of Pediatric Nurse Practitioners and Nurses as a pediatric nurse practitioner; and
 - (D) Clinical nurse specialist - must be a registered nurse and have a master's degree in the area of clinical nursing specialty practice or be currently certified by the American Nurses Association as a clinical nurse specialist in the area of specialty practice.
- (2) Use of the title certified registered nurse anesthetist, certified nurse midwife, certified nurse practitioner or clinical nurse specialist without meeting the requirements set forth in section (1) is a misrepresentation in the performance of the functions or duties of a licensed professional or practical nurse and is grounds for discipline under section 335.066.2(5), RSMo.

THE ORPHAN DRUG ACT: DON'T PUT HOPE ON HOLD (an Editorial*)

Only about 30,000 Americans have cystic fibrosis-yet for those 30,000, the genetic disease that blocks their airways shortens their lives to an average of 28 years.¹

Drugs that treat cystic fibrosis and about 5,000 other rare diseases aren't likely to create blockbuster sales for their manufacturers, because the number of patients is small. An orphan disease is defined in federal law as one that afflicts fewer than 200,000 people in the United States.

To encourage pharmaceutical companies to invest in treatments for these diseases, Congress passed the Orphan Drug Act in 1983. The act provides tax credits and market exclusivity to help companies offset some of the high costs of research and development associated with products for the treatment of rare diseases and conditions.

Economists at Tufts University estimate that it costs more than \$230 million to bring a drug to market, and the price keeps rising.² Industry officials say the act has encouraged companies to invest in development of lifesaving products for which demand will be limited.

Since the act was passed, the FDA has granted orphan drug designation to 54 medicines to treat 60 rare diseases or conditions. Eighteen of those drugs have been approved for marketing in the last 24 months. A survey conducted earlier this year shows that 176 orphan drugs are being developed.

In the decade before the act, only 10 drugs were developed that would have met criteria for orphan drug status.

Despite the act's benefits, some critics claim that it is being abused. They cite orphan drugs that are making extraordinary profits while still protected from competition by the act. But even the critics admit large profits from

orphan products are rare.

Now, the act gives companies that develop orphan drugs the exclusive right to market those medicines for 7 years. Amendments have been proposed to the act that would put a sales cap on orphan drugs. Attempts to limit sales could have a chilling effect on future research and development of orphan drugs.

Between 10 million and 20 million Americans suffer from one or more of the 5,000 known rare diseases. And for most of those diseases, no treatment is available. More research and development is critical to finding medicines that will save lives.

If you would like to understand more about the Orphan Drug Act, the proposed changes, and the impact those changes might have, please contact:

EMPLOYEE OF THE SEASON

Each quarter nominations are accepted from staff members for an Employee of the Season. The following is a reprint of the most recent nomination followed by a little history and background of the winner.

EMPLOYEE OF THE SEASON
NOMINATION

"The person I would like to nominate deserves recognition for always being the best she can be. She is always

cheerful and has a kind word. To name a few of her qualities, she is pleasant, knowledgeable of her job, and always willing to lend a helping hand or go the extra mile. She's been with the Board a short time, but in that time has displayed qualities that will take her far in her career.

Her attitude is one of always being of assistance and helpful to a person, whether it be a staff member, phone inquiry, the public or someone in the building. I have yet to see her throughout the day that she doesn't have a smile for anyone she sees.

The person I would like to nominate is Cathy McCuskey.

Cathy, I would like to thank you for always being such a pleasure to work with and all the extra things that you do to make my job a pleasure."

Cathy was born in Jefferson City and grew up in Linn, Missouri. She presently resides in St. Martins with her husband James.

Cathy came to to work for the Board of Nursing in August, 1991 and presently holds the position of Clerk Typist II. She had previously worked for PIC Supply Company as a secretary for two years.

Cathy's outside interests include shopping, crafts and traveling.

Congratulations, Cathy McCuskey!

WELCOME TO NEW BOARD MEMBERS

We have recently acquired three new Board members and we would like to introduce them to you at this time. We have also listed the outgoing Board member and who they were replaced by.

Patricia Alft, R.N. was replaced by Patricia Dixon, R.N. Patricia is from Liberty, Missouri and is employed by Sanford Brown College in Kansas City, Missouri.

Barbara Schaffitzel, R.N. was replaced by Karen Hendrickson, R.N. Karen is from Cape Girardeau,

Missouri and is employed by Southeast Missouri Hospital in Cape Girardeau, Missouri.

Barbara Keay, L.P.N. was replaced by Betty Butler, L.P.N. Betty is from Nevada, Missouri and is employed by the Nevada City Hospital in Nevada, Missouri.

To Patt Alft, Barbara Schaffitzel and Barbara Keay we want to say "Thank You" for all your time, hard work and dedication that you displayed during your terms as Board members. You will be missed by all.

To Patricia Dixon, Karen Hendrickson and Betty Butler we want to say "Welcome Aboard". We hope you find your time with the Board to be rewarding and exciting.

WELCOME TO NEW PROFESSIONAL STAFF MEMBER

We would also like to introduce to you at this time our new Recovering Nurse Program Coordinator, Martha "Liz" Cardwell. Liz joined our staff on August 3, 1992.

Liz received a Bachelor of Science Degree in Nursing from St. Louis University in 1965. She then went on to receive a Masters of Education Degree in Guidance and Counseling from Lincoln University in Jefferson City in 1989.

Liz has worked in several different settings, some of which include Therapist, Needs Assessment Director, Nurse Manager Adult Services and Staff Development Coordinator.

Liz is a great asset to both the Board and staff and we want to "Welcome her Aboard".

BABIES! BABIES! BABIES!

The Stork has been very busy lately!

Two of our staff members, and their husbands, have been blessed with

babies.

Pam and Doug Porting had a baby boy in July and named him Daniel Paul.

Pam and Tim Campbell had a baby boy in August and named him Christopher Blane.

Congratulations to both couples.

(Stay tuned for further developments.)
